Beaver Creek Home Burns

A house owned by Walter and Kathryn Waters, of Royal Oak, was destroyed by fire last Saturday about midnight. The couple noticed smoke and got out of the house along with their pet dogs. Neighbors reported the fire to the Lyon Township Fire Dept., who fought the fire.

The Waters' residence was located on Gilbert Trail off of Big Wheel Road in Beaver Creek Township.

A 27-year-old Berkley man was arrested Saturday after allegedly attempted to run over a Crawford County Sheriff Dept. deputy.

According to a sheriff dept. report, the Berkley man became irrational after he was given a traffic citation for driving south in the north-bound I-75 Business Loop near the Aquarama Motel.

LANSING—The State Board of Education today accepted a gift of mutual fund stock valued at \$10,000 from a Frederic (Crawford County) man for use to purchase genealogy materials for the State Library.

Donald G. Gilbert donated 862.63 shares of American Birthright Trust stock in memory of Vera Stimson, James Clyde Gilbert, Beverly J. Gilbert and Donald G. Gilbert.

State Librarian Francis X. Scannell said Gilbert has been a frequent user of the State Library's genealogy collection, the largest in Michigan, as he did research on his family. The stock will be transferred to the Michigan Department of Treasury. Proceeds from sale of the stock will be used to buy materials for the State Library.

Next Travelogue to Feature Mediterranean Islands

The next travelogue of the current Travel and Adventure Series will be shown on Thursday evening, February 18 at the Grayling High School Auditorium. This next film will feature Howard and Barbara Pollard and their exciting film documentary of the Islands of the Mediterranean Sea. Doors at the high school will open at 6:45 and the travelogue will begin at 7:30. Tickets will be available at the door.

The Mediterranean sun shines on a vast variety of peoples and places, variety pinpointed in islands from one end of that glorious sea to the other. Spain's Mallorca is warm, mountainous, and inviting. Then there is Sicily that has been popular since recorded history began. The people of these islands are as different as their backgrounds—the hardy farmers of the Balearics; the singing, dancing villagers of Sicily; and the sky but friendly fishermen of the Aegean. Howard and Barbara Pollard will introduce you to all these and many more on Thursday evening, February 18.

Unusual Sale and Show

This weekend, Grayling area residents afflicted with the inflation blues and cabin fever will have the unique opportunity to get a little "medicine" which might help them through the rest of the winter. A special event, the Making Money at Home Sale and Show, featuring area residents who have turned hobbies and talents into thriving personal businesses will be on hand to sell their merchandise and invite newcomers into making and distributing many needed services not found in stores.

This Saturday, February 13th from 10-5 at the Grayling Mini-Mall could well change the hum-drum days of February and March into a unique, satisfying way to add little extra income to the family supply. Make sure you take the few minutes it takes to drive out to the mall and chat at your leisure with people who can change your spare time into extra income. As an added bonus you might be able to pick up that special gift you just can't find in a retail outlet, just in time for that someone special on Valentine's Day.

Businesses that will be selling range from cosmetic outlets to homemade candy and woodworking, needlecraft parties and supplies, kitchen wares, food, clothing, trampolines, flowers and even personalized buttons and balloons.

Donelle Bentley New Queen

Donelle Marie Bentley, 17, was named Miss Grayling 1982 at the pageant held Saturday evening at the Joseph Stripe Auditorium.

Chelle Warners was named first runner-up and Pamela Gorten won the second runner-up position. All three girls will be introduced at the Grayling Winter Sports Carnival Kick-Off dinner Thursday night held at Chief Shoppenagons.

Shelly Belfour won awards for Miss Congeniality and the talent competition. She performed a dramatic talk during the talent show. Bentley performed a tap dance, Warners played the flute, and Gorten did a comedy act.

For winning the crown, Bentley, the daughter of Mrs. Donald Bentley, of Grayling, won a scholarship award of \$500 donated by the Grayling State Bank, First Savings and Loan, Crawford

County Federal Credit Union, Gaylord State Bank, and Northern National Bank.

Warners, the daughter of James and Kathleen Mobarak, of Grayling, won a \$150 scholarship from the Grayling Booster Club. Gorten, the daughter of Paul and Patti Gorten, of Grayling, won a \$50 scholarship from the American Business Womens Association.

Bentley was crowned Miss Grayling by last year's queen Connie Keene. Before the final decision was announced the judges had to break for a special session because of a tie between the two runner-ups.

The pageant was co-hosted by Miss America of 1970, Pam (Eldred) Levey and Wayne Hindmarsh, President of WQON.

The eight contestants joined together for three per-

Vikes Mat Champs

Grayling won its first Michigan Huron Shores Conference wrestling championship last Saturday compiling 188½ team points to 137½ for Petoskey and 129 for Rogers City.

Petoskey won the championship the last three years and Rogers City wore the crown for four years before that.

Grayling rolled up 159 points after only two rounds and clinched the championship early.

Coach Don Ferguson said everyone of his wrestlers did well.

"They were serious and very intense," he said. "They put it to the other

teams."

Grayling, rated fifth in the state for Class C, had five championships. Steve Sauve ran his season record to 27-3 with a pin in the finals, Tim Jensen also improved his record to 27-3 with a first place finish, Tim Ferrigan placed his record to 33-1, Dave Pettit 24-9, and John Solomonson 29-2.

Jeff Knight took a second place as did Chris Krajcenka, Dan Meldrum, and Jim Piper. Tom Sorenson took third place and Wayne Metzger also scored team points.

Ferguson said victories by Krajcenka, Meldrum, and Piper to earn spots in the finals were keys to

Grayling's success because they defeated opponents who had beaten them earlier this year.

Grayling had finished in the runner-up spot at the conference match several times before, but won hands down this time.

Grayling finishes its regular season with a dual match against Oscoda and Bangor John Glenn along with hosting an invitational tournament this weekend.

In the conference tournament, Gaylord took fourth behind Grayling, Petoskey, and Rogers City with 111 points, St. Ignace took 105, Cheboygan 93, Charlevoix 31, and Boyne City had 1 point.

Grayling MESC Receives Reprieve

The Grayling MESC office, scheduled to shut down Feb. 12, will remain open on temporary hold while

President Reagan asks Congress for more money to fund employment services.

The Grayling Job Service

office was one of 19 offices to be closed because of federal cuts. Last week, however, the director of the MESC ordered a temporary hold on the closing until Congress answers Reagan's request for additional money.

The closing of the Grayling office would have forced persons seeking Job Service to travel to West Branch where one MESC employee would be covering a five-county area that previously had five MESC workers.

Before Reagan's funding attempt was announced, county officials protested the decision to close the MESC office calling it a "penny wise and pound foolish" approach to fiscal policy.

In a letter to Representative Ralph Ostling, Crawford County Board of Commissioners said they were alarmed and outraged at the action.

"This board is more than aware of the state's need to trim costs and balance budgets," the letter stated. "We are also aware, however, of the obligation of government to do so in accordance with priorities which best serve, or least hurt, its citizens. The state's closing of this office in this area at this time demonstrates a 'penny wise and pound foolish' approach to fiscal policy."

The commissioners went on in their letters to tell how in 1979 the county developed an economic strategy to do something about the lack of employment here. An Economic Development Corporation was started and new industries were lured to the area.

Now with Weyerhaeuser finally gearing up to open, See Reprieve on page 9

Camp on Hold

The 6th grade Camp Rotary is heading for cancellation this year due to lack of funds and staff.

In 1976, 158 out of 160 sixth graders attended the first five-day camp at Clare.

Every year since then, however, interest in the nature and science camp has declined. Dale Nicholas, Middle School Principal, told the Crawford AuSable School Board last Monday.

This year, because of staff lay-offs and other budget cuts, he said there aren't enough persons to organize the trip or staff the camp. Unless some parents take charge of the program, raise funds and find volunteers to attend the camp with the kids, it will be cancelled for this year. The cost of sending 100 children to the camp this year would be approximately \$6,562.

In other school board news, alternate funding for advanced math, English, and learning skills classes was approved. If enough students participate in each

class, \$25 user fees will be the main funding. The classes will run from February to May if enough students sign up for the after school hour classes.

C.O.O.R. Intermediate School district did some housecleaning under new Superintendent Harry Groulx and found documents finally proving a \$12,000 transportation tab owed by Crawford AuSable schools to be legitimate.

In 1977, COOR paid Crawford AuSable \$19,500 and C-A was supposed to return \$12,500. There was confusion over the transfer because it concerned transportation services provided for the 1974-75 school year and it took a new COOR superintendent to find the proper documents to show C-A auditors the bill was legitimate.

The school board postponed paying the bill another month to see how the 1981-82 budget projections stood after six months.

Milliken to Speak at A & R Grand Opening

Governor William Milliken will be the featured speaker at the Grand Opening of A & R Forest Products, Friday, Feb. 12.

A & R will unveil its \$2.8 million facility for drying and manufacturing wood building materials located at the south end of the Grayling Industrial Park. A press conference will be held at the Holiday Inn followed by a tour of the plant. Total employment at the new plant is expected to exceed 50 persons.

Grayling, Michigan—Thursday, Feb. 11, 1982

From Our Corner ...

With the selection of Donelle Marie Bentley as Miss Grayling at the pageant Saturday night, the first step towards the 57th annual Grayling Winter Sports Carnival has been completed. The lovely queen will be introduced officially at the annual kick-off dinner to be held this Thursday at the Chief Shoppenagon's Motor Hotel, and will reign over the carnival weekend February 12, 13 and 14 at Hanson Hills, the winter sports site.

An invitation by the several committees handling the events over the weekend is offered to one and all to come and enjoy a fun filled weekend of winter sports...

No, we haven't forgotten our weekly weather report, to our out-state readers...the past week has been a fairly pleasant one with just flurries of snow and near zero temperatures, but that was during the week, the weekend the wind started to blow and snow but nothing like what we had during January...now if the rest of February will act like it has the first week we may have a pleasant month...but, that is just hoping...

With doldrums of winter every now and then something that concerns winter comes about to make one chuckle...the other day we were talking with our friends Jack and Doris Bigham from Frederic and they told me of an episode with them after one of our bitter storms a few weeks back...seems as how they got up one morning to go to work and when they tried to go out the door it was plugged with snow due to the high wind blowing...it was not only the front door, but it was the back door also. Now you have to picture this...what would you think if you saw a guy climbing out his own bedroom window...Jack had taken off the screen and was half way out but couldn't make it due to surgery on his one leg...Doris finally assisted...but to Jack's regret he found himself up to his neck in a snow bank, and all this at 6:00 o'clock in the morning...people shovel themselves out but never have I heard of shoveling yourself in to go to work...

A snow story bit from Nevada...we talked to Dane last Friday night and he was telling us that snow hadn't gotten as close to Las Vegas ever as it has this year...then he told us, he and Cyd were going to drive Amber and a girl friend up in the mountains Sunday so the two girls could play in the snow...we told him to come to Michigan, we have enough snow to pass around to everyone, and then some...maybe in a couple three weeks we will be able to sit in their backyard with an orange pop and look at the snow a long ways away...

Last week we received another note that was not signed...for the life of me I can not figure people out when they won't be recognized...usually we just toss this mail in file 13, but this one was directed more to Elmer Fenton and was about his last story on Cedar St., seems as if Elmer forgot to mention that the A & P store shared the building where Mac's Rexall is now at one time...this little bit is to answer the note by a 30 year property owner and weekend and vacation resident...

During the past few weeks we have had to hold back articles that we have received due to space...we try to get in all timely articles in each issue...if your copy was omitted some weeks' if it is not necessary it won't appear, it is our decision to make what appears in each week...we are not holding back anything for spite if one is inclined to think that way...we have so much space after advertisements which everyone should know is the bread and butter of a newspaper as well as the electronic media...

This takes care of this week's turkey...it's beginning to take us parts of two days to fill this bird...goodnight T.J., Stef and Amber and to all our readers have a nice weekend, especially those here to take in the 57th annual Winter Festival...the grand-daddy of them all...

safe driving is everybody's business

Future Benefits of Justification

Romans 5:9-11

Justification provide for us redemption, reconciliation and rejoicing toward God the Father, through the work of His Son Jesus Christ. All of this is a present possession with future implications throughout eternity.

1. Justification provides us with Redemption from God's future wrath through the shed blood of Jesus Christ upon the cross. "Much more then, being now justified by his blood, we shall be saved from wrath through him." Verse 9. The phrase, "Much more then" moves us from the present benefits of Justification to the future blessings. "Being now justified" speaks of the certainty of the present possession of Justification. "By his blood" speaks of the terrible cost of our Justification. "We shall be saved from wrath through him," assures us that our present Justification will spare us from the eternal torments of God's wrath in Hell.

2. Justification provides for us reconciliation to God the father through the life of His son, our Lord Jesus Christ. "For if, when we were enemies, we were reconciled to God by the death of his Son, much more, being reconciled, we shall be saved by his life." Verse 10. If Christ was willing to die to reconcile us to God, how much more will He be willing to live as our High Priest and Advocate to plead our future forgiveness? If God the Father loved us so much He was willing to give His Son to die for our sins, how much more will He be willing to listen to the pleas of His resurrected Son for our future salvation. Our future reconciliation to God is just as certain as our present.

3. Justification provides for us happiness in God because we have such strong assurance of acceptance by Him. "And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement." Verse 11. We can now joy or rejoice because our future favor with God is assured by the Work of our Lord Jesus Christ. We can be happy because God spared nothing to assure us of forgiven sins and eternal favor with Him. (adv.)

Kirtland Fund Raising Drive

At their January 20th meeting, the Kirtland Community College Foundation Board appointed Mrs. Mary Alguire (Higgins Lake) as the Executive Director for their 1982 fund raising drive. Mrs. Alguire will be in charge of developing and implementing the campaign strategy adopted by the Foundation Board. Key contact persons within each community will be designated at a later date to assist Foundation members in building local fund-raising teams.

Proceeds from the 1982 campaign are being pledged to help fund the proposed Associate Degree in Nursing Program at the college.

One of the first activities to be held will be a press luncheon on April 2nd to kick off the campaign, and to brief and update the media on both the fund raising drive and the proposed Associate Degree in Nursing program.

Service Clubs or other organizations interested in learning more about the Foundation and its objectives should contact Mr. Steven Perry, at Kirtland, at 517-275-5121, ext. 220.

Revenue Worsens, Extreme Steps Taken to Balance State Budget

Warren M. Hoyt, Executive Director, MPA

Governor William G. Milliken has proposed an unprecedented step to eliminate fourth quarter payments to local governments and higher education as a means of balancing the current year budget.

The cuts were announced on the day the governor presented his proposed budget for fiscal 1982-83 which carried the first increase in three years.

Despite the expected controversy over eliminating the now-estimated \$377.9 million deficit in the current year, administration officials expect the \$10.86 billion (\$5.19 billion general fund) budget to be quickly approved by the Legislature - by the end of April.

Even with the increase in appropriated dollars, budget officials say real spending power is still nearly flat and another 2,000 jobs will be cut from the state payroll by September, 1983.

Asking local government, colleges and universities to shoulder the burden of carrying a \$225 million deficit through the July/August/September quarter was described as the "fairest and most equitable" way to handle the problem.

Budget aides of the governor said he wanted to avoid another "disruptive" general executive order budget cut and he remained firmly opposed to any general tax increases.

Although the budget proposal would restore the cuts in the state's 1982-83 year, Management and Budget Director Gerald Miller acknowledged most local and college units would have to borrow money to meet their fourth quarter cash obligations.

Aides said they expected most of the borrowing could be handled at local-level interest rates or probably around 11 per cent.

For most units, the cuts will come in the first quarter of their fiscal year and the restorations would come in the same year.

Miller said K-12 and other units of

government were spared the cuts because the governor thought it easier to "concentrate in just a few major areas."

The reductions will require approval by the full Legislature with the passage of bills to change the revenue sharing formula and "negative appropriations" for four-year colleges, universities and for community colleges.

The other budget-balancing moves ordered by the governor include a 4 per cent cut in departmental spending (saving \$51.6 million) and projected reductions in retirement funding of \$101.3 million by an actuarial change allowing use of additional interest income to pay benefits.

The additional cuts were required by the continued, unexpected worsening of the economy that not only cut revenue, but also require an estimated supplemental welfare appropriation of \$194.3 million.

Already cut from the current year was \$252 million by a general executive order. With the proposed changes in spending and additional reductions, the final \$4.35 billion budget for the current year will be \$240.2 million less than the original proposed level.

The governor's new \$5.19 billion 1982-83 general fund proposal reflects an increase of \$619 million (8.7 per cent), with over half going to education and local units and most of the rest of the increase devoted to economic development programs.

In announcing the budget, Milliken said a key consideration was a continuation to fund the economic development and job creation efforts currently underway to counter the economic problems which have been imposed by the national recession.

He concluded that the combination of the current year cuts and the new budget represented the toughest budget proposals he has ever worked on.

Snow! Good Lord, there seems to be more than enough to go around, and I saw a sign the other day which read "Think Spring." Here halfway between the equator and the north pole we endure snow for nearly half a year, but do we really look at it? A crystal of snow weighs practically nothing; yet, 15 inches of weightless snow on your foot-long driveway represents nearly 2 tons. On the other hand, it equals a trifle over an inch of water over your driveway.

There are 7 distinctive crystal types, with infinite varieties within those types. The elegant symmetrical stellar and plate crystals with their hexagonal structure are what we envision. But there are also columns with hexagonal plate crystals at either end which resemble the Japanese tsunami drum. There are also hollow bullets, ice needles and haphazard asymmetrical crystals which are composed of platelike crystals, joined together in irregular shapes. A single type of snow crystal may have startling variations in size, from "diamond-dust" particles to the more common larger sizes (eight one-thousandths of an inch to half an inch is the most common range of sizes).

These variations in size depend on the water vapor present in the source air and the altitude of the originating clouds. No matter where it originates, it becomes less than fun as we seek places to put the snow while waiting for the spring thaws to eliminate the problem.

RSVP Reports

Sherry Haag, Director

Welcome to news of the Retired Senior Volunteer Program. This week I'll be discussing the issue of Older Women and their problems in our continuing topic that was covered at the White House Conference on Aging held Nov. 30-Dec. 3 in Washington, D.C.

All of the major issues of old age are disproportionately those of older women. Older women are statistically poorer because their retirement benefits and pensions are generally lower than men's. Not only must they learn to cope with minimal income, but they also must learn to adjust to living alone since the fact is that women outlive men five to one.

Members of RSVP in Muncie, Ind., are helping women who have outlived their spouses. Volunteers, who are themselves widows, help these new "Singles" find a new life for themselves in the community. They also provide information to resource people where they can get answers about legal or financial matters.

In Michigan, RSVP volunteers in Inkster are involved with several new programs. One of these new programs is to aid parents and children in reducing the potential of child abuse and neglect by lending support in time of stress. Volunteers help in caring for children and promoting good parenting skills. Volunteers are also working to educate persons in helping to reduce the incidence of misuse and abuse of prescriptions, over-the-counter medicines, and alcohol. Crawford County RSVP is in need of volunteers to help at the Animal Shelter. Duties would be assisting in the maintenance of the Animal Shelter as well as taking phone calls and meeting with the public. This is a very important assignment and necessary to insure quality care for the animals.

If you're interested in any of the assignments mentioned, please call the office at 348-4341 or 348-8322. If you are 60 years of age or older or know someone who is and would like to become a member of RSVP, give us a call for more information. It's a very simple, no dues to pay or meetings to attend. You do what you enjoy, when you want to do it. Get involved!

Hatfield-Conway Speak Vows

Renee Annette Hatfield and Craig Randall Conway were united in marriage on Thursday, December 31, 1981 at Michelson Memorial Methodist Church. The Reverend George Spencer officiated at the four o'clock ceremony. Music was provided by Janet Dice, "Leather and Lace" was one of the selections chosen.

Accompanied to an altar decorated by a pink, burgandy, and white floral arrangement, by her father, Miss Hatfield wore a hand crocheted floor length gown with chapel train, scooped neckline and bell sleeves with burgandy ribbon interwoven around the sleeves and A-line bodice. She carried a bouquet of silk burgandy, pink, and white baby roses and baby's breath.

Lisa Schiff, cousin of the bride from Southfield, Michigan was the maid of honor. She wore a floor length pale pink gown and a burgandy shawl, and carried a bouquet of silk burgandy, white, and pink baby roses and carnations.

Shari Cote of Roscommon was the bridesmaid. Her gown was identical to the maid of honor's and she carried a bouquet of silk burgandy carnations, surrounded by pink and white carnations.

Bill Conway, cousin of the groom from Connecticut served as best man. Kenny Thompson of Mancelona was groomsmen.

A reception was held immediately following the ceremony at the church for approximately 150 guests. Cedar and pine boughs centerpieces decorated each table. The cake table was covered by a hand crocheted tablecloth that the bride's great grandmother had made 45 years ago, and held a three tiered wedding cake made by the bride's aunt, Marcella Burkett.

For her daughter's wedding the bride's mother wore a mauve gown with long sleeves, draped cowl neckline and a fitted waistline. She wore a corsage of silk burgandy and white baby roses.

The groom's mother wore a mint green gown with jacket and wore a corsage of silk pale and deep green baby roses.

The bride is the daughter of Pauline Hatfield of Grayling and Roger Hatfield of Florida. She attends Grayling High School.

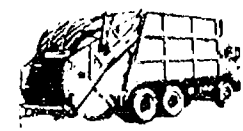

The groom's parents are Bernard and Donna Conway of Mancelona and a 1981 graduate of Mancelona High School.

Out of town guests were from Colorado, Texas, Florida, Connecticut, Bay City, Mancelona, Houghton Lake, Southfield, Jackson, Kalkaska and Frederic.

After a trip to Traverse City the couple are making their home near Roscommon.

On February 2, Mrs. Prause's class went to see the school heater. They got to see how the fire looked through a peep-hole. They learned how the janitor heats the school room. They also learned that one pipe warms up cold water because it will break some things inside a tank.

Most of the people liked it. For English they wrote a letter thanking them. This was written by Kris Partello and Paul Failing.

Thanks to Lions Club

To the Grayling Lions Club may I take this opportunity to say "Thank You" for the privilege to become more independent and being able to live a fuller life. It is with great pride I can walk down the street, or in a store, restaurant, or wherever with my new friend, "Gypsy". Gypsy is my Leader Dog.

I would also like to acknowledge my gratitude to the late Mr. Don Hale. His help in obtaining my white cane for the training at the Rehab Center in Kalamazoo, then the encouragement to go for training and obtain a Leader Dog I will always be thankful.

The privilege of being a "Goodwill Ambassador" representing the Lions Club and the wonderful work they do, I am grateful for and I will try my best to fulfill that privilege.

My family says "Thank You" also.

Ed Perlberg To Head MPA

Edward J. Perlberg, co-publisher of the Arenac County Independent, Standish, for the past 34 years and co-owner of the Roscommon Herald-News, has been elected president of the Michigan Press Association for 1982.

He is a 12-year member of MPA's board of directors. Perlberg succeeds Herb Levin, general manager of the Ironwood Daily Globe, who will find the immediate past president position of the executive board of the association representing 53 daily and 257 weekly newspapers throughout Michigan.

Perlberg has a long history in the newspaper business as his father and mother began working at the Independent in 1916. His father became publisher in 1926 and Perlberg succeeded him in 1948.

Besides serving as president and chairman of several local building committees, Perlberg is a former president of the Standish Chamber of Commerce.

He is also chairman of the board of the State Bank of Standish and a member of the board of directors of Central Homes, Inc., of Greeley, Colorado, a manufacturer of mobile homes.

Perlberg and his wife, Lovett, are the parents of three sons, two of whom are also in the newspaper business - Robert, publisher of the Ogemaw County Herald, West Branch, and co-publisher at Roscommon with his father and uncle, and Richard, editor of the Brighton Argus. His third son, William, is an accountant in Bay City.

but totally dependent on the MESC office for job recruitment, and other money and energy spent toward job development ready to bear fruit, commissioners called the decision to close MESC counterproductive.

The commissioners said they felt retaining the MESC office is a top priority. They listed four major reasons:

- Crawford County most recent unemployment rate was 16.7 percent - five percent above the state average.

- In 1981, the county's unemployment never dropped below 14 percent, and it peaked at 27.1 percent.

- Department of Social Services statistics showed 23.2 percent of Crawford County residents received ADC, General Assistance, or food stamps in December, 1981.

- DSS public assistance payments in the county for December exceeded the total spent by the county in its general fund for December (\$184,030 DSS expenditures compared to \$183,509 county general fund expenditures).

The board of commissioners said in their letter to Ostling, a member of the state House Appropriations Committee, dollars appropriated to MESC today will save a much larger expenditure of state DSS funds tomorrow.

Copies of the letter were sent to Governor Milliken and Senator Mitch Irwin.

IT HAS BEEN SAID, AT THE PRESENT
RATE OF INFLATION,
A LOAF OF BREAD WILL
COST \$9 BY THE YEAR 2,000.

Do you know a better reason to have an IRA?

An Individual Retirement Account (IRA) could well mean a comfortable retirement. As a wage earner, you can deposit as much as \$2,000 of your wages, \$2,250 if your spouse isn't employed. These funds, plus the interest they will earn, are free of all federal and state income taxes until you begin making withdrawals.

A perfect tax shelter at a time when any relief from taxes is welcome.

Regardless of your present age now is the time to begin your IRA. Northern National Bank's interest rate for the month of February, 1982 on 18 month variable rate IRA Certificate of Deposit's is 15%, and interest is compounded daily.

To Present "Catch-22"

On February 25, 26, 27

Chaplain (Mark Hamilton) and Yossarian (John Watkins)

First there was the novel which dominated the best-seller list for weeks. Then, naturally, there came the film, which won more than the usual share of awards. Finally, there is the stage play of Joseph Heller's tale of American soldiers on an Italian island in the Second World War, "Catch-22."

The Grayling High School Players will offer the community their version of "Catch" later this month, Feb. 25, 26, and 27, in the Joseph Stripe Auditorium of G.H.S., at 8:00 p.m.

Both the film and the play have seized upon a different aspect of the novel: Mike Nichol's impressionistic movie accents the darker, the Dostoyevskian side, of the novel. Heller's own dramatization accents the humor, the Marx Brothers side, in this pocket version of the book.

Although most acting companies use about 12 ac-

tors to play the 40-odd parts in the comedy, G.H.S. is employing 23 student actors. Even with that number, some students will play two, three, and even four roles, thereby creating a fast, frantic, comic mood which mirrors the work itself.

An unusual aspect of "Catch-22" is that, while the action occurs in the middle of World War II, the military atmosphere is not stressed. Heller has always insisted that "Catch" was not about war, but about life, and there are moments when one forgets the specific locale of the play and gets carried away by the zany, insane universality of the situation.

The G.H.S. Players are able to bring this fine play to the community thanks to the efforts of the newly-formed Grayling Arts Council. Tickets, at \$2.00, are available from the cast members or may be purchased at the door.

Mrs. Violet Lucille Wells and Leader Dog "Gypsy"

Violet Wells recently returned home with "Gypsy"; graduates of the Leader Dog School, Rochester, Michigan. Vi trained at the Leader Dog for four weeks learning to travel confidently with "Gypsy". Daily intensive training sessions in the classroom and four hour practice periods conducted in Rochester, Birmingham, and Royal Oak, Michigan, prepared Vi and her Leader Dog to work together. Their practice included trips to various department stores and many other places of interest, all under the supervision of an instructor.

Graduates must know where they are going and direct the Leader Dog to the destination with commands. A dog does not read traffic

lights, but crosses the street upon command from the master, who must study the pattern of traffic. The dog will proceed when it is safe. The public is asked not to interfere while the dog is working. If it is apparent the individual is having difficulty, a person nearby may simply ask, "May I help you?" A few months of "seasoning" will eliminate problems and distractions.

There is no charge for Leader Dog training, though the cost per team is approximately \$5,500.00. This non-profit organization is supported entirely by contributions from Lions Clubs, the United Way of Michigan, various publicly supported agencies, and private sources.

Anyone wishing information about the Leader Dog program is invited to contact a member of the local Lions Club or write to Leader Dogs for the Blind, Rochester, Michigan 48063.

"Thank You"

From
Grayling B.P.W.

The Business and Professional Women of Grayling extend a big "Thanks" to our community for all the assistance received to make this year's Christmas project the best ever.

Many individuals and groups have assisted throughout the year, including a Service Club helping with deliveries of Christmas baskets, to make sure that every deserving family did not go without necessities for Christmas.

62 Families received gifts, which included 146 children; the packages included a pair of pajamas for every child, a toy and knitted items. Also, there was a complete Christmas dinner with one or two chickens, depending on the size of each family.

The BPW sponsored Community Christmas project is one that keeps going throughout the year. Almost every group in our community becomes involved, by a helping hand to knit, pack boxes, sewing, donations of needed items, and many other ways. It is gratifying to know that there are many concerned people that are so willing and helpful to extend a helping hand.

Kindergarten Round-Up For Frederic and Grayling

We will be holding our Annual Round-Up of the 1982-83 Kindergarten Class starting on February 8, 1982. Registration of students will be handled at the Grayling Elementary School, for both Frederic and Grayling children, between the hours of 1:00 and 3:30 p.m. for a ten day period; February 8, 9, 10, 11, 12, 15, 16, 17, 18, 19.

Registration will be handled by appointment only and we suggest you call the school as soon as possible to reserve a time convenient for you. If you are not able to come in during our designated Round-Up days, please call the school office and other arrangements will be made for you.

For enrollment, please bring your child's birth certificate and any immunization records you have available. Complete immunization records are required by the State for entry in school. Immunization records will be examined at the time of registration and you will be informed of incomplete areas.

Early enrollment is extremely important. Dates for pre-school clinics (physical exams, immunizations, vision and hearing, and C.O.R. screening) are scheduled for early spring. Children enrolled for school will be scheduled with appointments for these clinics and can be fully prepared for school by September. A visitation day will be scheduled only for children registered with us. A limited visitation period will be set aside and early enrollment can insure your child of a visit to one of our kindergarten rooms.

Please call the school at your earliest convenience regarding registration. We will appreciate your cooperation in early registration and prompt completion of State requirements.

Editor's Mailbox

To The Editor,
I would like all citizens of Crawford County to sit up and take notice by whom and how our county is being protected. All it takes is for a few concerned citizens to stand up for what is right or wrong.

As of right now I have a serious problem with one of the deputies, and I'm going to stand up against for what I believe is very wrong.

In early November an off duty deputy, which will remain nameless at this time, was bowling at the American Legion, where I am employed as a bartender, approached me at the bar and asked for a draft beer. Knowing his age, I asked him for his I.D., and surprisingly enough he didn't have any and replied by saying, "I work as a deputy and you want my I.D.?"

I told him once more I needed to see his I.D.

He replied, "I'll see you on the road," and walked away beerless.

Approximately two weeks later, I was followed by this same deputy and shortly afterwards pulled over for weaving. He commenced to preach to me about drinking and driving.

I told him that I had nothing to drink and I was on my way home from work.

He laughed and said, "You work at the Legion and don't drink?", and walked back to the cruiser without even checking my I.D. or registration.

Just before Christmas, the same deputy once again followed me down James Street and onto Michigan Avenue where I was pulled over in front of the post office for a burned out blinker bulb.

I explained that I had two replacement bulbs in the glove box that I had purchased the day before and hadn't had time to change it yet.

He informed me that the next time he pulled me over for any reason at all I would receive a citation. He walked away without checking I.D. or registration again.

I replied with a "thank you" and we both went our own way.

At 2:30 a.m. on Feb. 3rd, I went to J & R Florist Shop to stoke the fire, which I do every night about the same time. I parked in front of the store and left it running to warm up, this same off duty deputy was standing in front of the Sawmill two doors down, with three friends. The car should be safe with this officer standing there, right?

Not today!

I went into the store and came back to the front of the store about three minutes later to check on the car. The car was fine, I thought until I saw two of the officer's friends trying to hold him by his arms. He broke loose and ran over to my car. He got in the car and proceeded to back the car up at a high rate of fuel consumption. I proceeded after him, when he noticed me he was almost in the center of Michigan Avenue, and he came to a quick stop by slamming the transmission into park from reverse, grinding the drive train because of not coming to a complete stop first.

I later found out that he reported to the dispatcher with two witnesses that the car was left in reverse by me when I parked it. A car is not going to sit still for three minutes in reverse without moving until someone is behind the wheel. He has already given two different excuses.

When he got out of the car, he shook his finger at me saying, "I'll see you on the road another time."

I called the police at this time and was informed by the answering officer to please notify the Under-sheriff in the morning.

So I did, and found a very co-operative Under-sheriff. After filing a written statement, I was assured that this problem would be dealt with after an investigation. I am to call him back in a few days to find out what the outcome is. I have great confidence that Under-sheriff Ruddy will do his best to dissolve this problem.

People of Crawford Co., how are we to bring our children up to respect the actions of all law enforcement

officers when one pulls childish and uncalled for pranks such as this. Most children and adults such as I highly respect 99% of these officers, but there is that 1% that think they can get away with anything.

Why should this inexperienced deputy be privileged enough to carry on these criminal acts without severe punishment?

Very concerned about Crawford County,
Fred Ahrens

GRAYLING ELEMENTARY—Probably the most popular island on the Great Lakes is Mackinac Island. However, a great deal of history can be learned about Beaver Island, located in the waters off Lake Michigan. These three fourth grade students in Mr. Hayes' class did a study of the island. They are from left to right, Melanie Ojala, Hannah Peterson and Jennifer Walsh. As you can see they have each made a map.

Attend the Church of Your Choice

It's quite a view from the top of the Washington Monument. Millions come yearly to marvel at this magnificent memorial to our nation's first leader.

Like the quiet strength of his monument, Washington was a man of quiet strength... a quality which earned him the reputation of being distant.

He cared little for glory and accepted the Presidency only when convinced it was his duty. Leaving Mount Vernon to accept it, he felt as if he were on the way to his execution.

Two thousand years ago, another quiet man walked a dusty, painful road to his execution. He, too, cared little for glory. He, too, had great confidence in the power of prayer. He came to serve us, that we might have life... and more abundantly.

Enrich your life through the abiding truths of the Christian faith. Worship this week.

WHAT DO YOU HAVE TO LOSE?

TAXES!

That's right! Beginning January 1, 1982 ALL wage earners can enjoy the tax saving benefits of an individual Retirement Account (IRA). Even if your employer already has an established pension program, you can begin setting aside up to \$2,000.00 per year of TAX DEFERRED income in your own IRA.

Funds (principal and interest) in an IRA remain tax free until you retire, at which time you will probably be in a lower tax bracket. And you don't need \$2,000.00 to qualify... that is the maximum you can deposit. You can deposit from earnings any amount you wish up to \$2,000.00... and at any time you wish. In fact, payroll deductions may be a perfect way for you to systematically invest in your IRA.

At First Savings, you will receive a top return on your deposit. And unlike most other IRA programs, your funds are insured up to \$100,000.00 by the FSIC, an agency of the federal government. IRS regulations provide for substantial penalties for withdrawal from IRA accounts before age 59½. Federal regulations also require substantial penalties for early withdrawal.

If you were to deposit \$2,000.00 per year and receive a 12%* yield, here's a sample of how fast your funds would accumulate.

	5 yrs.	10 yrs.	15 yrs.	20 yrs.	25 yrs.	30 yrs.
\$14,458.00	\$40,570.00	\$87,732.00	\$172,913.00	\$326,749.00	\$604,629.00	\$1,064,629.00

*The rate you actually earn may be higher or lower than 12%. This is used for illustrative purposes only.
